

ABOUT WORKSHOP

MATLAB is a powerful tool for mathematical research in a variety of fields. Its extensive library of built-in functions and toolboxes allows researchers to quickly prototype algorithms, analyse data, and visualize results.

Join us for an intensive One-Week E-workshop designed to introduce participants to MATLAB, a powerful tool for data analysis, visualization and simulation. Whether you are a beginner or looking to acquire your skill, this workshop offers hands-on-training and practical insights in to MATLAB capabilities.
