Environmental Policy

ENVIRONMENTAL POLICY

RBVRR Women's College commits to the protection of the environmental sustainability by complying with the environmental laws and policies of the UGC/AICTE/other regulatory bodies and strives towards creating a sustainable campus through:

- Adopting renewable energy
- Energy Conservation
- Waste Management
- Water conservation
- Ban on plastic
- Adopt Eco friendly practices and procedures in Laboratories
- Increased plantation
- Achieving a Paperless Institution
- Promoting awareness on Environmental laws and practices among students and other stakeholders

AIMS & OBJECTIVES

The college aims to:

- Adopt 100 % renewable Energy
- Conserve Energy through energy conservation lighting and control devices
- Achieve 100% waste management of the plant and food waste by segregation of waste and by maintaining composting pits and generate bio compost
- Adopt Eco Friendly disposal of waste including, paper, glass etc
- Promote e-waste disposal as per the laws
- Adopt ecofriendly practices in the laboratories
- Achieve a paperless office
- Ban Plastic

- Purchase Star rating appliances or equipment
- Purchase Star rated or Energy Efficient devices
- Ensure the maintenance of all Electrical and Electronic devices for optimal energy usage
- Water conservation through rain water harvesting pits, drains and sprinklers
- Maintain Plants with high carbon sequestration
- Involve students in Environmental Conservation through Projects etc
- Conduct Training Programs for students on conservation of resources through 3R's- Reduce, Reuse and Recycle

MECHANISM FOR IMPLEMENTATION

A committee 'SATAT' is constituted for working towards achieving environmental sustainability. The role of the Committee is to

- Prepare the plan of action in consultation with Management and experts
- Prepare an estimate of the required resources and obtain approval of the Management.
- Plan for implementation with timelines.
- Monitoring the implementation against the timelines.
- Measure the impact
- Conduct of an audit
- Implement the recommendations of the audit committee
- Evolve new methods/solutions to improve the impact
- Prepare an annual report on the activities undertaken and its impact.

The Committee comprises of faculty from various disciplines and departments with a senior Faculty designated as the convenor and the other faculty as the members.
